# INSTRUCTIONS

## For Works and Wards Committees, &c.

---

**AIMS AND OBJECTS.**—The Fund has been established to systemise weekly contributions by the Workpeople of Manchester, Salford, and Districts, to the Hospitals, and to confer on contributors the free use of the Convalescent Homes for a fortnight when certified by a Doctor as requiring change of air and rest to re-establish their health after an illness or an accident, and to provide Free Hospital Treatment.

**DISTRIBUTION OF FUNDS.**—After paying office expenses, all moneys up to £20,000 are divided equally between the Hospitals and Convalescent Homes, over £20,000, 85 per cent. to Hospitals, 15 per cent. to Convalescent Homes.

**COMMITTEE OF MANAGEMENT.**—The Fund is controlled by a Committee elected annually of representatives from Works in Manchester, Salford, and Districts, where Branches of the Fund are established and from Ward Organizations in the same area. A Delegate is not eligible for nomination to this Committee unless the Branch he or she represents consists of 20 members paying regular weekly contributions.

**LOCAL COMMITTEES.**—Local Committees have been established in various parts of Manchester, Salford, and Districts, to enable subscribers to continue their interest in the Fund in the locality in which they reside.

**CONVALESCENT HOMES.**—Immediately a person pays a contribution, he or she becomes a part proprietor of the Homes. Therefore, in making use of the Homes, it is necessary to emphasise clearly:—

- (a) That the Homes are the property of the Subscribers.
- (b) They are under no obligation to other people.
- (c) They are not OBJECTS OF CHARITY.

All "Wage Earners" are eligible for membership and there is no "Age Limit."

"Wage Earners" to mean "Anyone working on an average not less than three days per week."

**Subscriptions.**—All workers, irrespective of age or sex 3d. per week. Wives of subscribers (not working) must be under 55 years of age and in good health at the time of joining—2d. per week. Old age pensioners (not working) 2d. per week. Children—Any number of children in one family from birth to school leaving age can be included for an additional 2d. per week for the family.

There are two methods of paying subscriptions:—

- (1) Deduction of the contribution from wages by the Employers, when requested to do so by the Employees.

*Special Books or Consent Forms are provided for the purpose of securing the signatures of those desiring to contribute through their wages in this manner.*

- (2) By Collecting Books and Cards which are provided by the Fund if required.

*The first method is more successful, as it means less trouble in collecting, and assures continuous contribution.*

In order to be eligible for use of the Homes and Free Hospital Treatment, contributors must have paid :—

Adults, 26 weekly payments of Twopence or Threepence.

Children, 26 weekly payments of Twopence.

Only children who are 7 years old or over are eligible for Convalescent Home Treatment.

Under no circumstances will any person, *other than regular weekly subscribers*, be admitted to the Homes, or receive a Free Voucher for Hospital Treatment.

APPLICATIONS FOR ADMISSION TO THE HOMES AND FOR HOSPITAL TREATMENT.—Subscribers must procure Application Forms from the duly appointed Branch Delegate, who will explain method of procedure, etc. All applications must reach the Offices of the Fund by *Saturday of each week* for convalescent treatment.

Applicants for convalescent treatment will receive a Post Card stating when and where to see the Medical Examiner of the Fund.

REPEATED ADMISSIONS.—A person is not allowed more than one visit to the Convalescent Home in three years, except when special permission has been granted by the Homes Committee, who requires (with the application form) a letter from the delegate, in which is clearly stated the reason for the application and request for the Committee's special consideration.

NEW BRANCHES.—Upon a decision having been reached by the employees in any firm that a branch of this Fund shall be commenced, it is suggested for the satisfactory working that a representative from each department shall be selected, to form a works committee. This committee might appoint its treasurer, delegate, and collectors. From experience it has been found that where the work has been left to one person the interest is apt to flag, but where a committee has been appointed a greater amount of enthusiasm is displayed, and the results are financially greater.

The Delegate can have, on application to the Secretary, a supply of Application Forms ; these forms in every case must be signed by the Delegate certifying that the member is entitled to the benefits of the Fund. The Delegate is entitled to attend a meeting of Delegates each quarter, of which due notice will be sent, in order to receive the account of the Executive Committee's stewardship, so that in turn the information may be conveyed to the subscribers.

BANKING.—The Banks at which accounts may be opened and collections paid in are as follows :—

Barclays Bank Ltd., and Branches	
Martins Bank Limited	„
Lloyds Bank Limited	„
Midland Bank Limited	„
Manchester and County Bank Limited, and Branches	
District Bank Limited	„
National Provincial Bank of England Ltd.	„
Westminster Bank Limited	„
Williams Deacon's Bank Limited	„
Manchester and Salford Savings Bank	„

The name of the Bank in which an account is opened should be sent to the General Secretary in every case for registration.

SURGICAL AID DEPARTMENT.—Weekly subscribers are enabled to purchase at a reduced cost, artificial limbs, trusses, surgical appliances, spectacles, hearing appliances etc., etc. Intending purchasers should enquire from the Delegate for full particulars. In all cases the Delegate should communicate direct with the Secretary of the Fund, giving name and address of applicant; together with particulars of requirements. Arrangements must be made before making the purchase.

# INSTRUCTIONS Re FREE HOSPITAL TREATMENT.

Only Subscribers of Twopence and Threepence per week are eligible. Free Treatment is available at the undermentioned hospitals in the Manchester area :—

Manchester Royal Infirmary	Royal Manchester Children's Hospital
Ancoats Hospital	Salford Royal Hospital
Royal Eye Hospital	St. Mary's Hospitals
Northern Hospital	Hospital for Consumption
Manchester Ear Hospital	Jewish Hospital
Hospital for Skin Diseases	Greengate Hospital and Open Air School
St. John's Ear Hospital	Hulme Dispensary
Christie Hospital and Holt Radium Institute	C.-on-M. Dispensary
*Manchester, Salford and Lancs. Public Assistance Hospitals	Foot Hospital (Victoria Park)
	Stepping Hill, Stockport.

At the end of this Report will be found a list of Hospitals accepting our Free Treatment vouchers.

Dental treatment is provided at the Dental Hospital under certain conditions, but this does not apply to persons insured under the National Insurance Act when their Approved Society bears any portion of the cost. Under no circumstances will artificial dentures be supplied free of charge and orthodontic appliances for children are not included under the Scheme.

Only cases of emergency should be sent to the Hospitals without the necessary Free Voucher from the Secretary of the Fund. In all other cases application must be made for the necessary voucher. Failure to comply with these instructions causes unnecessary work to the Hospitals and the staff of the Fund, and will probably result in the patient having to pay for the treatment.

No payment will be made in respect of Doctors' Fees incurred privately. or for private consultations with Specialists either at the home of the patient or at his consultation Room.

The Secretary of the Fund should be informed of all cases being sent to Hospital when it is not possible to procure the necessary voucher, in order that the Hospital concerned may be supplied with the official voucher.

The following cases are not included in the Scheme :

Normal Maternity, i.e., cases where the patient is admitted and discharged within 14 days.

Infectious Diseases, Tuberculosis, etc., where the cost of treatment is covered by the Local Authority.

Motor Accident Cases covered by the Road Traffic Act.

Other Accident Cases where the injured person receives damages, either through process of Legal Proceedings or by settlement out of Court.

Ministry of Pension Cases.—Persons discharged from H.M. Forces and admitted to Hospital for treatment of conditions as a direct result of War Service are not covered by the Scheme. In such cases, The Ministry of Pensions is responsible for such hospital treatment.

Subscribers being more than 13 weeks in arrear forfeit all claim to benefit.

**NOTE.**—Should any matter arise which is not dealt with in these instructions, kindly communicate with the Secretary, Union Bank Buildings, 12a, Piccadilly, Manchester, who will be pleased at all times to render the fullest assistance.

\*In the Manchester Municipal Hospitals, payment is limited to 10 weeks.

## The Thirty-eighth Annual Meeting of the Hospital Saturday Fund

12th April, 1945.

### REPORT OF THE COMMITTEE.

The Committee are pleased to report another record year.

Some comparative figures of Income are given below :—

1912	1927	1937	1941	1943	1944
£7,224	£28,416	£139,822	£210,584	£312,625	£334,945

The Income for 1944 exceeds that of 1943 by £22,320. The organisation expenses are again only 3.7%.

### HOSPITAL TREATMENT.

Despite the fact that Hospital facilities for civilians were somewhat restricted during the year, due to the demand for accommodation for Service patients, the number of vouchers issued in respect of members exceeded 120,000. We paid the full cost of Out-Patient treatment in all Associated Hospitals and a high percentage of In-Patient costs. In several cases we paid 100% of cost and the average was over 85%.

## CONVALESCENT HOMES.

The number of patients admitted in 1944 are given below :—

MEN—2,028. WOMEN—2,569. CHILDREN—329. Total—4,926.

The Plas Mariandir Home which was requisitioned in February, 1944, was released in September and is now available for patients. Despite War conditions, a high standard of efficiency has been maintained.

Miss A. F. M. Bradshaw resigned her post as Matron of the Swinglehurst Home owing to ill-health, and the Committee wish to record their appreciation for the excellent manner in which she conducted the Home. Miss E. L. Jones, for many years Matron of the Manchester Skin Hospital has been appointed in her place and the Committee wish her every success.

## MEETINGS.

War conditions reduced the number of meetings of the various Committees. The following is a list of Meetings held :—

General Purpose	....	....	....	....	17
Homes	....	....	....	....	13
Finance	....	....	....	....	15
Building	....	....	....	....	1
Sundry Committees	....	....	....	....	22

Mr. Charles Swinglehurst has now completed 47 years' service on the Executive Committee and 33 years as Chairman of the Fund. He remains as active as ever and attends all meetings very regularly.

## NATIONAL HEALTH SCHEME.

The future of Contributory Schemes under a National Health Service is uncertain at the moment but it is hoped that in the final arrangement there will be some place for such Schemes and for a continuation of voluntary effort. The Committee have discussed plans for the future but in view of the present uncertainty, it is felt that any change in policy can be deferred for the time being until the attitude of the Government is known.

## EXTENSION OF THE SCHEME.

On the 15th March, 1945, Northwich adopted the Hospital Saturday Fund as the official Contributory Scheme in that area, and at the time of printing this Report, about 12,000 members have been enrolled.

## OBITUARY.

The Committee regret to announce the death of Mr. T. Bradbury, who had been a member of the Executive Committee for thirty-six years and was one of our oldest Vice-Presidents.

The Committee wish to extend their grateful thanks to the following :—

The Principals of all firms who have arranged for the deduction of contributions through wages with the consent of the employees, and to the Principals who have granted permission for the employees to be approached with a wish to establish the Saturday Fund.

To all Delegates who have acted as Collectors in Workshops, etc., where the deduction through wages method has not been adopted.

To all those who subscribed to the Annual Appeal.

To all Ward Committees and Private Collectors for their valuable services, especially the Middleton Ward which this year raised a sum of £23,719.

To all voluntary workers for their loyal support, upon which the success of the Fund so much depends.

To the Doctors, Surgeons, Nursing and Administrative Staffs in the various Hospitals for their sympathetic care of our members.

The Secretary and his Staff for the efficient manner in which they have carried out their duties, despite the many changes in personnel due to war conditions. Eleven members of the Staff are serving in H.M. Forces.

To the Matrons of our own Convalescent Homes and their Assistants for the care and attention of patients entrusted to them.

Dr. E. M. Brockbank, M.D., F.R.C.P., our Honorary Physician.

Mr. T. Clifton Parkinson, our Honorary Solicitor, and to the Hospital Representatives of the Joint Committee.

In conclusion, the Committee wish to thank all those who have assisted the Fund in any way during the past year, and who may not have been mentioned in this Report.

The following Resolutions were passed :—

Proposed by the Lord Mayor of Manchester.

Seconded by Mr. Charles Swinglehurst, O.B.E.

Supported by Mr. James Sillavan.

“ That the Annual Report and Statement of Accounts for the year ended 31st December, 1944, be received and adopted and that the Honorary Officers whose names appear on the printed Agenda be elected for the ensuing year.”

Proposed by Councillor Chadwick, J.P.

Seconded by Canon Paton Williams.

#### FREE AMBULANCE CONVEYANCE AND HOME NURSING.

Members are entitled to Free Ambulance Conveyance under the following conditions :—

1.—Free Ambulance Conveyance is restricted to cases of illness where no other form of conveyance was suitable. The arrangement applies only to stretcher cases.

2.—The patient or relatives must obtain from the Delegate the necessary form of Authority (Form 6) duly completed.

3.—Accident cases under the Road Traffic Act are not covered.

4.—The benefits are limited to the Manchester and Salford Public Assistance Departments or any other Municipal Authority with which we have an agreement. In cases where the ambulance is obtained from an Authority with which there is no agreement, the allowance made will be limited to the amount paid to the Authorities mentioned above. In any case the maximum payment which will be allowed by the Fund is Twenty Shillings.

5.—The Fund will pay for one journey to Hospital and one journey from Hospital at the end of the treatment if the Hospital Authorities certify that an ambulance was necessary. In the case of fractures where the patient cannot travel in a public tram or bus, the Fund will cover the cost of ambulance conveyance for a period not exceeding six weeks.

6.—No payment will be made in respect of conveyance by private motor vehicle or taxi.

7.—The Fund will not pay for any distance beyond ten miles of the City boundary.

8.—The Form No. 6 referred to in para. 2 may be obtained on application to the Secretary at 12a, Piccadilly, Manchester, 1.

## HOME NURSING.

Arrangements have been made with the various Nursing Associations for free service. It must be clearly understood that this arrangement only applies to the actual subscriber and not to other members of the family unless they are also subscribers. Under no circumstances will the Fund pay for the services of a Private Nurse. The arrangement applies only to those cases which require daily visits of a Nurse, and not to cases which necessitate the whole-time service of a Nurse. The Fund will only pay for 30 visits.

### MANCHESTER AND DISTRICT HOSPITALS' PROVIDENT SOCIETY.

The Manchester and District Hospitals' Provident Society has been established to provide a Contributory Scheme under which members can make provision for grants toward the cost of:—

Nursing Home or Hospital Pay-Bed Maintenance.

Surgical Operations and Anæsthetics.

Medical Specialist treatment and investigations.

X-rays, Radiotherapy, and Physiotherapy.

The Society is a branch of the Central Provident Association, the solvency of which is guaranteed by the Nuffield Provident Fund. The Association is non-profit making. Any surpluses will be utilised for the benefit of members of the Association.

#### WHO MAY JOIN.

All persons over 18 and under 60 years of age may apply for membership but there is no age limit for renewal. An important point is that the Scheme covers as "child dependents" all those in the family who are too young to become members individually.

A member may also include "adult dependents" in the family, *e.g.*, wife or other relative over 18 years of age.

#### MEMBERSHIP.

Membership can be commenced at any time, but there is naturally a period of probation of 26 weeks before members become entitled to benefit.

Members are entirely free to make their own arrangements with any Specialist recommended by a medical practitioner and treatment can be undertaken in the private ward of any Hospital or in any registered Nursing Home.

If a member changes his residence he will not lose his title to benefit.

Further details may be had on request from the Secretary, R. C. Stevenson, at 12a, Piccadilly, Manchester, 1.
